

### **Changes to Fee Structure for Pacer Membership in 2009:**

In an effort to provide more value to members of the London Pacers Running Club, we are implementing an added incentive to those members who wish to compete in Ontario and Canadian masters sanctioned events (i.e. Ontario Masters Track and Field Association (OMTFA) and Canadian Masters Athletic Association (CMAA)).

For the 2009 calendar year, the option will exist to sign up for both the London Pacers and OMTFA (which also includes CMAA) when you register with the Pacers. In addition, we will reduce the combined fee of registering for both by \$10, if you register for both at the same time using the Pacer 2009 Membership Application form.

For those who have no interest in joining the OMTFA, there will be no change to the fee structure which will remain at \$35 for singles and \$45 for families.

Jim Burrows, President
